

# THE TROPICO INTER-URBAN SENTINEL

*Devoted to Tropico, the San Fernando Valley and Southern California*

VOL. VI

TROPICO, (Los Angeles Postoffice) CALIFORNIA, WEDNESDAY, AUGUST 23, 1916

NO. 33

## BRIGHT OUTLOOK FOR THE IVANHOE BRIDGE

City and County Will Co-operate in the Bridge's Construction

An audience which nearly filled the council chamber of the City Hall last Friday evening in response to the call of officials of the Glendale-Los Angeles Boulevard Association to consider the Ivanhoe Bridge project, testified to the general interest in an improvement long promised by the Los Angeles City Council and ceaselessly urged by the Boulevard Association as well as by private residents and officials of the large territory which will be benefitted by its construction.

Mr. H. M. Brooks, president of the Boulevard Association, called the meeting to order and Mr. Stephen Veselich, secretary, submitted a condensed though very complete and satisfactory report of the efforts made by the association through its special committees, which have covered a period of years. The milestones of progress were enumerated and in that connection much credit was given the late Sidney Butler, former County Supervisor, whose friendly interest and help had been unfailing.

Mr. Veselich stated that President Betkouski and other members of the City Council had practically promised to appropriate \$7500 towards the building of the bridge and as an earnest of that intention the council has spent several hundreds of dollars on surveys, assessment maps, etc., in connection with the improvement of Brand boulevard to the Tropico line. This action would not have been taken, declared Mr. Veselich, had it not been the intention of the council to carry out its promise. Mr. Veselich also stated that the county supervisors were friendly to the enterprise and stood ready to appropriate \$5000 or more to secure the improve-

ment.

Mr. Brooks and Mr. Veselich then explained that before the matter is again taken up with the City Council it will be necessary to secure from Colonel Griffith a deed to the strip of land promised by him as a right-of-way, and also secure title from the Richardson estate to another right-of-way necessary in connection with the matter. Mr. Veselich exhibited the deed prepared for Colonel Griffith's execution and on motion of Mr. Usillon the committee of six who first waited upon Colonel Griffith and secured his promise to deed the strip, were named to again wait upon him and obtain his signature to the document.

In the matter of the Richardson right-of-way Mr. Veselich explained that because of minor heirs the estate is still in the hands of an administrator. The Richardsons favor the improvement but because of legal technicalities a friendly suit has been deemed the quickest method of quieting title. That suit will be decided inside of thirty days.

The advisability of avoiding a sharp turn in the boulevard at Rokeby street by cutting off the corner at that point was urged by Mr. Veselich. He explained that it could be done at a cost of \$25. He also reported that the committee had incurred some bills, viz., \$6 for a map of the proposed boulevard and bridge which had been of great service in promotion work, and \$8 for stationery.

In recognition of the agreement between the Glendale and Tropico city councils to share expenses in connection with the bridge project, a mo-

tion to include the \$25 for the Rokeby street curve with the \$14 expense bill and divide the total between the two cities, found a ready second and was unanimously carried.

Mr. Brooks, Mr. Leigh Bancroft and others gave appreciative testimony as to the efficient and untiring service rendered by Mr. Veselich, and Mr. Bancroft dwelt on the great advantages of the new boulevard not only in shortening the distance by a mile and three quarters, but in the avoidance of heavy traffic. "When it is completed," said he, "you can go down to Sixth and Main streets in twelve to fourteen minutes."

As its last act before adjournment, the meeting instructed its chairman to prepare on behalf of the Association a letter expressing appreciation of the services of the late Sidney Butler to be forwarded to his family.

### WATER RATES

The City Clerk is in receipt of a final report from the Railway Commission confirming its previous findings in the matter of water rates. It is dated August 18th and is to become effective in twenty days and not later than September 7th, 1916.

Monthly minimum rates are fixed as follows:

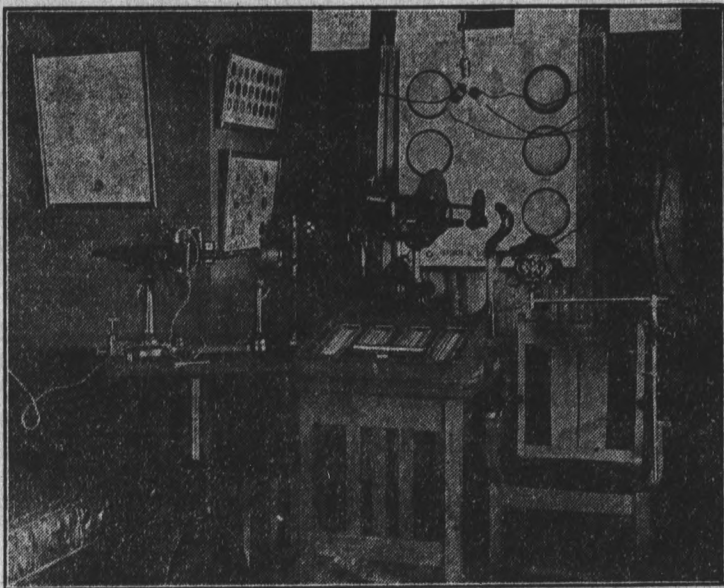

First 400 cubic feet 75c.

Next 1600 cubic feet per hundred cubic feet 10c. All in excess of 2000 cubic feet per hundred feet 6c.

For municipal use in sprinkling and flushing sewers, per hundred cubic feet 6c.

Fire hydrant service for 75 hydrants, \$75 per month. For any additional hydrants 50c per month.

It is not phenomenal, but common reasoning, why I am getting the results and giving satisfaction to those who have needless trouble and discomforts due to their eyes.

Guesswork is unknown to me, for after I have finished my examination, which is conducted under the most scientific conditions,

# I KNOW.

The ladies and gentlemen whose names and addresses are below found this to be so, and have received the best there is in the optical profession, at prices that have surprised them :

- |  |  |   |

Telephone, 416-J.

GLENDAL

Evenings 6 to 9 p.m

## PROCEEDINGS OF BOARD OF TRUSTEES

The Board of Trustees met as usual Tuesday evening with all members present except Trustee Boyce.

The City Clerk read a reply to the communication addressed by her to the Pacific Electric Railway in which the company promised to complete the improvement of Brand boulevard at the point where the tracks had been removed near Cerritos avenue, and to take the matter up at once.

Mr. Green again complained of the Moore and Adams street improvements and was again assured that the work would not be accepted until it complied with the specifications and plans. He was requested to give to the City Engineer the list of defects he had prepared.

City Attorney Shaw reported the receipt of a copy of the final decision of the Railroad Commission in the matter of water rates in which the original ruling is confirmed.

The budget ordinance fixing the amount of money to be raised by taxation and also an ordinance fixing the city tax rate were read and passed on the first reading. The amount fixed by the Board for the general fund was \$18041; for library purposes \$1043; for principal and interest on bonded indebtedness \$1695. The tax rate for the general fund was fixed at \$1.00 on each \$100 of taxable property, 8 cents for library purposes, and 13 cents for principal and interest on bonded indebtedness, making the total rate for city taxes \$1.21 per \$100 of taxable property.

The designation of streets was discussed tentatively and laid over for another meeting.

Marshal Gould reported that the party responsible for the breaking of an electroliner on San Fernando Road had promised to take up the matter of replacing it with the Keystone Iron Company from whom the electroliner was purchased.

Mr. Gould also reported a request by a moving picture company that the Tropico Fire Department attend the burning for picture making purposes, of a house in Glendale. Moved by Trustee Seal that the attendance of the engine and company be per-

### TROPICO Interurban SENTINEL

mitted on condition that all expenses, including pay of the men, to be assumed by the film company. Carried.

The following demands were passed: State Compensation Insurance Fund, for the insurance of city employees, \$126.53; W. E. Roake, repairs for motorcycle \$2.55; J. S. Ripley \$8.75; E. Schilling for street repairs \$47.40; C. R. Gilmore laundry for Fire Dept., \$2.65.

Mr. Alspach protested against the continued violations of the ordinance against driving over parkways without a proper approach and the city Marshal was instructed to arrest all violators who disregarded the notices served upon them.

Mr. Seal inquired whether the garbage contract could be discontinued with a view to combining street sweeping and garbage collection. The attorney agreed to look into the matter.

Indignant discussion against the injustice of the water rate of \$75.00 per month fixed by the Railway Commission for serving seventy-five fire hydrants, followed Mr. Alspach's protest against the payment of any such amount. The City Attorney was requested to look up the law requiring water companies serving municipalities to furnish water for fire purposes, to ascertain if it promises to afford any legal remedy.

Mr. and Mrs. Aronson and Mr. and T. J. Hammond went Tuesday by auto to Santa Barbara, returning Wednesday evening.

Tropico has found a booster for the town in Mrs. Windas, a new comer who recently established her home at 111 Glendale avenue.

## REQUIRES A BUSINESS MAN

The ninth congressional district of California requires a business man to represent it at the national capital. It should have an all-round business man who knows our district's demands in the way of legislation which will protect our agricultural products. A man is needed who will have a part in framing a tariff bill which will be a help to our fruit industry—something that will give the California orange and lemon grower an equal chance, at least, alongside the Italian or Cuban producer, in our American markets.

It is noticeable that the whole country is asking for strong business men in our law-making body at Washington—men who will be able to grasp the gigantic problems, commercial and otherwise, which will come before the next congress for decision when the European war is over. We must have legislation that will protect the business we already have and secure additional employment for labor's hands at wages which will assure to the American working man and his family those necessary comforts, and even luxuries which tend to make happiness and contentment.

Mr. L. L. Lostutter of Pomona fills these requirements. He is a successful business man who has acquired a competency through his energy in farming and banking, and in addition to this he has made government, both state and national, a life-study. Practical and energetic, he has all the necessary qualifications to make this district a desirable representatives.—The Covina Argus.

A personal tribute by a former employee.

Iroquois, S. D. AUG. 14, 1916.

L. L. Lostutter, now of Pomona, was a pioneer in Dakota. He established at Iroquois, the Farmers and Merchants Bank, and was its owner, manager and president. Under his personal guidance and direction the bank became the leading financial institution in this part of Dakota, and one of the most successful in the state. Mr. Lostutter was also interested in a large way in live stock and in real estate.

Dakota needed just such a leader to break away from the primitive idea of producing a single crop. Live stock, dairying, poultry raising and

## TROPICO Interurban SENTINEL

diversified farming must supercede wheat raising if South Dakota was to be prosperous and measure up to her opportunity.

At Iroquois, Mr. Lostutter backing up the project with his time, means and energy, the first creamery using the separator process in South Dakota was established and was a pronounced success. Now there were not cows enough to keep the creamery running and so Mr. Lostutter shipped in milk cows by the carloads and sold them at reasonable prices to the settlers. Impoverished by continuous wheat raising, in many cases they had absolutely nothing to pay down in cash. But Mr. Lostutter furnished them with the cows anyhow and under his original plan a portion of the proceeds was turned in each month to apply on the purchase price until the cows were paid for.

It is speaking within bounds to say that Mr. Lostutter did more toward developing the resources of South Dakota and putting hundreds of honest and worthy settlers on their feet than any other single individual.

It was my high privilege to be in Mr. Lostutter's employ for thirteen years as a cashier in his bank. During that time we were very closely associated.

After all is it not what a man is and does that counts? Judged by this standard L. L. Lostutter is the most eloquent man it has been my privilege to know.

JOHN BALDRIDGE.

With five candidates competing for nomination to the office of supervisor of the fifth district, it is probable that two will win a place on the ticket in the primary election of August 29th, and that the contest will therefore continue until the finals in November. All are pledged to a platform of economy in administration, progress and lower taxes. Some are avowed politicians who can reasonably claim to be proof against the pitfalls which sometimes prove the undoing of the inexperienced. Others are making the canvas on a fine business record and a knowledge of the district and its needs based on long residence and careful study. Whoever wins in the final tryout, we are assured of a capable representative.

Mrs. Lang of Central avenue has just returned from Portland.

## REPUBLICAN

Candidate for Congress  
Ninth District

A life-long active Republican.  
Resided in the District 29 yrs.  
For 17 years actively engaged in the practice of law.  
A citrus and deciduous fruit grower for 10 years.

# ELECT WILSON A SUPERVISOR

POLITICIANS STORM AND RAGE  
BECAUSE HIS ELECTION  
SEEMS ASSURED

Without making an agreement or compact with professional politicians, or without promising a single job to any one of the army of job chasers, John T. Wilson, candidate for Supervisor in this district, has made an effective campaign, and has carried it directly to the people.

John T. Wilson knows this Fifth Supervisorial District as no other candidate knows it. He knows the needs of the district and the mistakes that have been made in the past. Wilson has lived in this district for forty-three years, since he was nine years old. His record as a business man, as a public spirited citizen, is without a single blemish.

For more than twenty years, John T. Wilson successfully managed the 23,000 acre George K. Porter ranch until that immense property was sold to the Mission Land Co., and subdivided. Wilson, with his own money, built and successfully operated the first electric power and light plant in the San Fernando Valley. He served as president of the school boards of both the grammar and the Union High School Districts.

Working as a private citizen, John

T. Wilson for many years has been active, and taken a big part in every movement tending to the progress and the upbuilding of the Fifth Supervisorial District and Los Angeles County. He has worked from the beginning for the control of flood waters in this county; but he has been opposed to the contemplated plan of making the valley and hill sections bear the greatest part of the expense for the benefit of the lower rivers and the Los Angeles harbor. Mr. Wilson contends that the sections known as the Lower River country and the Harbor country should bear its just proportion of the expense. He calls attention to the fact that \$800,000 has already been spent within the county for flood control and that nearly the entire sum has been wasted because the work was poorly planned and poorly constructed.

John T. Wilson submits to the people that the only manner in which funds for legitimate improvements can be made available, is to stop the waste of public funds. In the past, millions of dollars have been wasted annually.

As a supervisor, John T. Wilson will stop the waste of public funds so that the people, when asking for a legitimate improvement, will not be met with the statement that there are no funds available.

"My campaign," says Mr. Wilson, lies in the hands of the people and is based on my faith in the soundness of the judgment of the people as a whole. I do not believe that the people of the county desire to continue the wasteful extravagant methods that have been in force, nor do I believe that the people of the Fifth District will permit any eleventh hour trick by the political ring to mislead them."—Adv.

## PLATFORM OF EDWIN F. HAHN

The following extracts from a recent address made by Edwin F. Hahn, Candidate for Congress in the Ninth District, should be of interest to all who wish to inform themselves in regard to the stand taken by him on important issues:

"I am a firm believer in the tariff. I believe in the tariff because I believe it is in the interests of the people of California, and Southern California—that is the protective tariff as I interpret it.

"I believe that the man and woman engaged in the raising, producing and manufacturing shall have a wage that will enable him or her to live in a fair degree of decency. In that connection, I want to say that it is inconceivable to me how any man or woman could support a measure, requiring children from the ages of eight to twelve years to labor fourteen hours a day, thus destroying their minds and bodies.

"Probably the question more than any other that is asked of a candidate for Congress is his attitude on preparedness. I would say that I am a firm believer in protecting ourselves, but there should be made a most strenuous effort to establish some form of international arbitration that the question of war might be forever done away with.

"As for National Woman's Suffrage, I have always stood firmly on the belief that they should receive an equal right in the civic affairs of their community by having the power to vote.

"It is needless to say that I am a firm believer in the Republican party, and am a candidate of the Republican party only. I inherited it from my father, who spent three and one-half years in the Civil War, and has been and still is a firm believer in the Republican party."

## Rules For Dress.

Dress yourself fine where others are fine and plain where others are plain, but take care that your clothes are well made and fit you, for otherwise they will give you a very awkward air.—Lord Chesterfield.

Our neighbor, Mr. McNutt, informs us that his candidacy for the Assembly is progressing finely and that he is being very well received in all parts of the District where he has been. He says the people regard him well on account of his fine qualifications and fitness for the place, and also because of the fact that he is explaining to them the need of more attention to our Legislature and the manner of laws which they are making for us. He says that this is the place to begin to cut down our taxes and save governmental expense, both State and County. He is making a vigorous campaign all over the District, and hopes for a solid vote here at home.

## LOCAL HAPPENINGS

Mr. and Mrs. Richard Todd are still fishing at Hermosa Beach.

Ella Cates of Blanche avenue, left Tropico last week to join her husband in Douglas, Arizona.

Mrs. H. W. Hillman has just returned from a two weeks' stay at Switzer's Camp, one of the Mount Wilson resorts.

Miss Ella Burt Miller of Central avenue has gone to Bear Valley, driving her own car. She will probably spend a week there.

Mrs. John Hill of San Jacinto was a guest last week in the home of Mrs. George L. Peterson of Blanche avenue.

W. E. Peterson and family are moving from Moore to Blanche avenue where they will be neighbors of George L. Peterson.

Mrs. C. H. Scheu leaves Thursday of the present week for an extended trip through Colorado. She will spend some time in Denver.

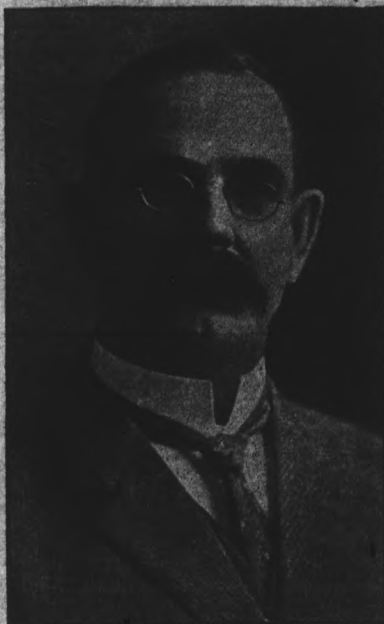

Miss Martha Moore of Oneida, Illinois, was a week end guest in the home of John Hobbs of Central avenue.

Work will begin within two weeks, if reports are to be trusted, on a \$25,000 picture theatre in South Pasadena.

Lace and bungalow net curtains hand-launched 25c per pair. Phone Glendale 887. Called for and delivered.

Mrs. Phelan of Linwood and Mrs. Chadwick, until recently a resident of Santa Monica, are guests in the home of G. E. Martin.

**WOOLWINE'S WORK FOR WOMEN**

An administration as economical as is consistent with a rigid enforcement of the law, practical reforms in behalf of wage earners, welfare work for unfortunate girls and a thorough prosecution of every case within the jurisdiction of his office is the platform upon which District Attorney Thomas Lee Woolwine is basing his campaign for re-election, which is one of the most remarkable that has ever been conducted in the county.

Many of his speeches have been based upon the department, which, more than any other, in the opinion of Woolwine, has a beneficial effect on society as a whole. He was the first District Attorney of Los Angeles County to inaugurate a department of welfare work in juvenile and especially feminine criminal cases. One of his first official acts when he assumed office two years ago was to appoint a woman investigator whose duty it has been to lighten the burdens of erring girls and, whenever possible, to prevent their being branded with the stigma of jail sentence or public correction.

In scores of cases this policy has prevented hardships upon young women who have taken their first steps upon the downward path and ultimately has brought about their redemption. In a great many other cases, innocent girls have been exonerated and vindicated without a shadow being cast upon them. Had the obsolete methods of publicity and exposure been tolerated they would have suffered disgrace.

**ERNEST H. OWEN**

In summing up the campaign of Ernest H. Owen, candidate for Supervisor, the Sentinel calls attention of its readers to the following statement made by him. "I believe that I will be nominated August 29th, because I have made a dignified, aggressive campaign free from any criticism of competitive candidates, and so far as I know they have not made any unfavorable statements about me. Mr. Roberts and Mr. Dodge have both assured me that if I am nominated and they are not, they will then turn their support to me, which leads me to believe that they feel sure I am qualified to fulfill the duties of the office of Supervisor."

# TROPICO Interurban SENTINEL

Yeomen should remember the Annual Picnic at Redondo August 26th.

Mrs. Louise Mueller and her two grand-daughters from New York City are guests of Mrs. Baum, 526 North Glendale avenue.

Mrs. Holland of Pasadena was entertained the first of the week by Mrs. C. C. Chandler. Mrs. Holland has recovered her health and is now very well. Her husband, Professor Holland, was once superintendent of Tropico schools.

Mr. Moore of Blanche avnue has returned from his trip to Eureka as delegate to the Improved Order of Redmen. During his stay he visited the grove of big redwoods near Eureka. Since his return he and Mrs. Moore and Mr. and Mrs. Porter entertained the Great Incohonoe of the Order, Mr. Downs, with an auto trip to points of interest in Southern California. Mr. Downs was greatly delighted with the country and much pleased with Tropico.

Messrs. Dan and Arthur Campbell and their families have been at Balboa for a week or more. Mr. Dan Campbell returned to Tropico Monday morning but expected to rejoin his family at the beach in a few days. He does not seem to take as much interest in sand banks as he does in some other kinds of banks.

Mrs. Albert Gabaig has just returned from a two weeks' visit with her brother in San Diego where she saw the Exposition and took in all the sights including Tia Juana. There she went to see the famous gambling house but found nothing very exciting. She reports that few tourists were in Tia Juana at the time of her visit and that no one on either side of the line seemed to be worrying much about the Mexican situation, though she saw a good many soldiers in the three camps located at San Diego.

Mr. and Mrs. E. V. Coleman were host and hostess to Mr. and Mrs. Wayne Frank on an auto trip last Sunday to Arrowhead Springs, the run east being made via the Foothill Boulevard, the return via Colton and Riverside, a total distance of 146 miles.

Robert Danner, his mother, sister and niece leave Sunday for Walnut, Kas., for a six weeks' visit.

During the absence of Mr. Ed. Fairfield, deputy city marshal, on a two weeks' vacation, the work of his department is being done by Mr. C. L. Jennings of Central avenue.

Messrs. and Mesdames C. C. Chandler and C. L. Chandler motored to Santa Monica last Sunday to spend the day with Mr. and Mrs. Barnes and daughter who have been spending a week there.

Mrs. James Wallace was hostess at a week-end party last Sunday, her guests being: Mr. Julian and Miss Polly Gobar and Mrs. Porter and three children of Fullerton, Mrs. Strauss from Victorville.

A letter from L. O. Chandler who built and opened a hotel on the Ridge Route at the beginning of the season, states that he is now feeding an average of sixty guests a day. His resort is about eighty miles from Los Angeles.

One of the nicest literary organizations in Tropico is the Round Table Club which met last week at the home of Gladys Hamilton on Aca-cia avenue. Two friends of the hostess from Oklahoma were present as guests, one of whom, Miss Leah Poronto, contributed readings which were greatly enjoyed. Doctor Hobbs sang. It proved one of the most elaborate and enjoyable programs given by the club since its organization two years ago.

Mr. and Mrs. Harry Augustus of Tropico avenue left Monday for the encampment at Huntington Beach.

Mr. and Mrs. G. E. Martin of 215 North San Fernando Road are entertaining Thursday evening of the present week in celebration of their twentieth wedding anniversary.

Mr. H. L. Whaley, proprietor of the O. K. Market, has gone north for a vacation trip. His wife and family are visiting in Los Angeles during his absence.

Mrs. West, mother of Mesdames John A. Logan, John Hobbs and Andrew Stephenson, is very ill. She will be 82 years old in October and has been in feeble health for some time.

Mrs. J. H. Seaman of Central avenue is at Venice chaperoning a party of young people, viz., her little son Jo, her daughters Eloise and Jeanette, Jean Anderson, Lila Shea. They were joined Tuesday by Mr. Edward Weston, who has just returned from Chicago, and Mrs. Weston. The camp in which the party is domiciled has been named: "Qwit Cher Kickin'."

## STEPHEN C. PACKER

Stephen C. Packer and his lieutenants in the canvas to secure the supervisorship for this section of the district, are working with confidence and claim the assurances of support they have received make the outlook exceedingly encouraging. Mr. Packer bases his strongest claim to consideration on his business record.

The Ninth District is exceedingly fortunate in its candidates for nomination to represent it in Congress. One of these candidates is Edwin F. Hahn of Pasadena, a man of clean life, high ideals and aspirations who is enthusiastically supported by men and women who know him best. The Star-News of Pasadena has indorsed him without reservation and has summed up his claims to the consideration of voters as follows:

Mr. Hahn is a Republican. He believes strongly and conscientiously in the fundamentals of Republicanism. He has been and is a student of affairs and of men. Nominated and elected, he would go to Washington equipped in capability and in conviction to serve this district usefully and to make a name for himself in the councils of national legislation that would be creditable and serviceable to this district and state. There is not a congressional district in the United States that outrivals this one in high average of general intelligence. A man thoroughly representative of its intelligence and its progressive thought should be its Congressman. Edwin F. Hahn is a man of whose personality, character, principles and abilities this district would be justified in being proud.

The nation is in the midst of stirring events and momentous vicissitudes. Men of stamina, of ideals, of versatility, are needed in Congress—men who can and will grasp crises and develop into intricate problems of state—men who can and will look carefully and usefully after the interests of their respective districts and yet whose vision is broader than one county or a few counties—such a man is Edwin F. Hahn.

Ever clean and wholesome in his private life; supporting stalwartly temperance and other ethical measures and movements; honest, earnest, never a trifler, but always deeply devoted to the work or the cause which engages his attention; widely known and highly respected among those who know him; consistent, but not petty in partanship. Mr. Hahn seems to the Star-News, to be an exceptional man for useful, honorable service in Congress.

Ten boys and girls from Tropico and Eagle Rock had a wienie bake and rowing party at Echo Park last Monday evening.

“Stop the waste of county funds and the county will have funds for all needed improvements.”

**STAG PARTY**

Deputy Marshal E. C. Fairfield was the host at a stag party given at his home, 219 South Glendale avenue, last Thursday evening. He was assisted in receiving by Mesdames Hazel Gould, Dora Howe and Anna Bell. Cards and other games furnished the diversions of the evening and were followed by refreshments served by the ladies named. That the party was a great social success was indicated by the report of one participant that "everybody came early and stayed early." The guest list included: Wesley Bullis, J. W. Gould, Robert Oliver, Geo. J. Tauxe, Julius Moniot, Ed. Moniot, Frank Jennings, Dave Lovell, George Howe, N. J. Ripley, Allen Jones.

**VACATION BIBLE SCHOOLS**

Miss Lois Duncan has just completed six weeks' teaching in one of the four Bible Vacation schools of Los Angeles. She managed the kindergarten and was one of four teachers who had charge of the school in Bethel Baptist church. The idea of the schools is to keep the children in congested districts off the streets and give them some religious training. In Miss Duncan's school room the work included besides the regular kindergarten occupations, Bible stories, Sunday school songs, and the illustrating by the children of Bible stories. Only morning sessions were held and about 600 children attended the four schools, ranging in age from three to fourteen. In the higher grades, sewing and hammock weaving were taught. The schools have been established in most of the large cities of the United States and are supported by a National Association which is interdenominational but orthodox.

**W. T. HELMS**

The managers of W. T. Helms in his campaign for the district attorneyship state that for the first time in the history of Los Angeles county the women are taking active part as campaign managers and workers; that the contest is on in earnest and some of the work which ordinarily falls to the men is being borne by the women in the effort to reach every voter in Los Angeles county. "Cap" Helms is

asking for the support of the women voters and declares that the response is both interesting and encouraging.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

# TROPICO INTER-URBAN SENTINEL

(Established 1910)

Published every Wednesday at Tropico, California, and devoted to the best interests and future welfare of the most healthful city in the San Fernando Valley. Come and see for yourself.

Gertrude Gibbs .. Editor and Owner  
Edith A. Cross .... Associate Editor  
Telephone: Glendale 1500.

"Entered as second-class matter May 23, 1916, at the postoffice at Los Angeles, Cal., under the Act of March 3, 1879."

OFFICIAL PAPER OF THE CITY  
Subscription, \$1.00 per year.

Advertising rates furnished on application. The Value of the Tropico Interurban Sentinel as an advertising medium is obvious when its field at the head of the San Fernando Valley is considered. The nature of the paper, the character of its subscribers and the class of advertising it carries tell the whole story.

Tropico rejoiced when the doors of the fine store-room at 217 South San Fernando Road were thrown open last week and the installation of heavy machinery gave promise of something doing.

The Sentinel's representative was cordially welcomed by the new comer who proved to be Mr. Oliver Logan, well known in Tropico and one of the owners of the building in which his new business venture is being established. His partner in the enterprise is Mr. B. A. Goldsmith of Los Angeles, the engineer who made all the designs for the machinery.

The new concern will be known as the Economic Ice Company. This will be the assembling point for its machines which, for the present will be manufactured in Los Angeles, and it will also be the main office from which the selling force will be directed.

Mr. Logan is very optimistic about the future of the machine he is promoting and believes there will be a heavy demand for it as soon as the business is fairly organized, because he claims it is superior to any other ice making machine of its class now on sale, and that there is a big market among dairymen, butchers, hotels,

## TROPICO Interurban SENTINEL

hospitals, etc., for the equipment his company will soon be in shape to offer. He and his partner are now working on what they term "small portable units" and are specializing on a portable plant for ranches which will enable the proprietor of any small dairy to meet the requirements of the new dairy law which will go into effect October first. Fifteen dairymen are now figuring with them for equipment.

The machines which they will manufacture will range in value from \$600 to \$3000 and the territory in which they will operate will not be limited to the United States but cover foreign countries.

Mr. Logan has had the machine in operation for four years in his store at Casa Verdugo, where he demonstrated that the refrigeration which would require the melting of \$75 worth of ice can be secured with this machine at an operating cost of \$20, which of course means a tremendous saving in any institution where large quantities of ice are consumed.

If the business develops as Mr. Logan anticipates it will, not only will a large number of workmen be employed here for the assembling of machines, but a plant for their manufacture will be established in Tropico. The nearness of our city to Los Angeles and its good railway facilities make it a favorable location for such an industrial enterprise.

Mrs. John Kirkham spent Saturday and Sunday at Zelza, visiting her two sons, Gerald and William.

Mrs. James Allee of San Bernardino is visiting her mother, Mrs. James Allee of East Tropico avenue.

Miss Winnifred May Rich visited her sister, Mrs. Charles Little of West Adams street, Los Angeles, last week.

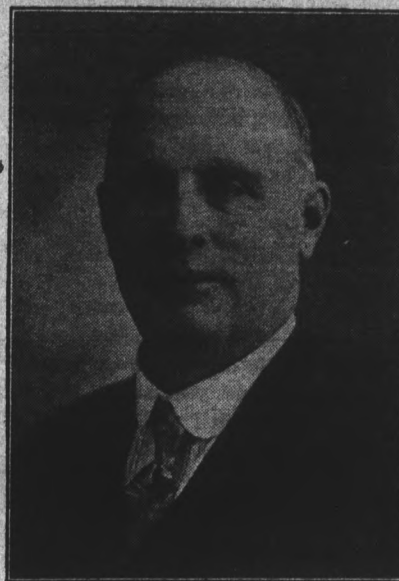

Mrs. Richard Allen has just returned from a week's visit with her daughter in Redondo. She was accompanied by her daughters Helen and Margaret.

Messrs. and Mesdames Fred Spear and William Spear motored to San Diego last Friday, returning Sunday evening. To the elderly couple it was a very delightful and eventful trip.

## MCNUTT FOR THE ASSEMBLY

Porter S. McNutt, Republican candidate for the assembly in the sixty-first district, is entitled to the solid party vote at the primary. He is qualified in every particular to represent his constituents in the lower house of the Legislature.

Mr. McNutt is a lawyer of ability. His office is in the San Fernando Building and his residence is in Glendale. He is well and favorably known to the officials and employees at the county buildings, and while the civil service rules prohibit them from playing politics, many of them are quite outspoken in their praise of the capabilities of the candidate.

Having graduated with four college degrees, his general education is of the best. He began life as a poor youngster and his success in life is due to his own ability and hard work. He has lived in his district thirteen years and knows the needs of the people. His reputation is without a blemish and the voters of the sixty-first district will make no mistake in sending Mr. McNutt to Sacramento.

Porter S. McNutt is making a strong race for the nomination for Assemblyman in the sixty-first District. He is meeting with much encouragement, and indications point to his success.

Few men are better qualified for the office of assemblyman than is Mr. McNutt. He is a man of strictest integrity, possesses qualities that peculiarly fit him for the place, is entirely familiar with the urgent needs of the common people, and is under no obligation to any one man or clique. He is a firm believer in cutting down useless expense and putting a curb on high taxation. His campaign has been one of education, and he is striving to bring before the voters the need for better laws for the taxpayers of California.—"Los Angeles Review."

Mr. McNutt is assured a very heavy vote all over the district.—"San Fernando Valley Press."

We have been publishing the cut of Porter S. McNutt, candidate for assemblyman in the 61st District on the Republican ticket. He is highly qualified for the office, having four college degrees, and a successful career.

In early life he worked in the coal mines in Pennsylvania, was raised on

a farm and also worked at carpentering. He was born in a log house, one of 12 children in the family. His advancement is out of his hard work, and he would be kindly disposed to all laboring classes. He knows the needs of the district and is capable of getting the things the people need. He favors fewer and better considered laws and lower taxes.

The Legislature is the proper place to begin all these reforms.—"The Citizen."

## MAN WITH GOOD RECORD WILL WIN IN PRIMARY

(Contributed)

It is a candidate's past record and his popularity with his own people that count in the matter of securing votes. It was Mayor Dodge's popularity that secured for him by far the largest vote against a field of five highly esteemed councilmanic candidates in the last South Pasadena city election. Out of a total vote of 1,796 he secured 1,548 votes and 600 more than his nearest competitor for the long term. It is this popularity that makes us bold to state that South Pasadena will go solidly for Dodge for the office of County Supervisor in the Fifth District. That he will win in next week's primary is evident on every hand.

Since his election to the city council, less than five months ago, Mayor Dodge has been instrumental in saving the people approximately \$7,000 a year and reducing the tax rate on the general fund seven cents, in the face of the fact that it was expected by most people that the rate would be raised, or at the best remain what it was last year. Yet, with all the saving made for the taxpayers, the efficiency of city departments was in no way impaired.

One feature of the Dodge campaign that has favorably impressed voters all over the fifth district is that it has been clean and free from abuse for his antagonists. He is resting his campaign on his past record as a business man and a city official and leaving the mud-slinging to the opponents who have no record to show for themselves. He won his place at the head of the city government with clean hands and he will land in the supervisor's office in the same manner.

Of the numerous candidates for the office of Supervisor in the Fifth District, none has achieved more prominence than Jonathan S. Dodge, mayor of South Pasadena, whose first term in that office was so satisfactory that he was re-elected by an almost unanimous vote.

Mr. Dodge was formerly in partnership with the well known firm of Alt-house Brothers, and some of the largest sub-divisions of Los Angeles were placed on the market by him. At the present time he maintains offices at 353 South Hill street, in the general real estate business.

His slogan is "Efficiency and Lower Taxes," and it is predicted that if elected he will be able to bring about economy in the county affairs so that the burden of taxation will be greatly reduced.

The question of the Enforcement of the Liquor Laws will probably enter largely into this campaign and the friends of Mr. Dodge insist that he is in favor of the strict enforcement of such laws and the elimination of blind pigs and undesirable places that injure society.

Mr. John Kirkham of Central avenue, left last Thursday for Arkansas, City, Kansas. He owns a farm there and will probably be gone two months.

Mr. and Mrs. William Bradley, Mrs. Clyde Seal, her daughter Maeryne, and Mrs. Mary Rich recently enjoyed a delightful auto trip to Boquet Canyon, stopping enroute at San Fernando Mission and Van Nuys.

Mr. W. H. Weller who has recently changed his residence from Portland to Los Angeles, spent the week end in Tropico with his uncle, J. Herbert Smith of Central avenue.

Enthusiasm characterized the street service held Sunday evening at the corner of Brand boulevard and Broadway in Glendale by the Christian Endeavor societies of the Tropico-Glendale district assisted by the young peoples' societies of the Baptist and Methodist churches of the two cities. The meeting was led by Otho Laporte, president of the District Union, and about 250 persons attended.

## RESOLUTION NO. 235

**A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF TROPICO DECLARING THEIR INTENTION TO IMPROVE A PORTION OF HILL STREET IN SAID CITY UNDER THE IMPROVEMENT ACT OF 1911.**

The Board of Trustees of the City of Tropic do resolve as follows:

**SECTION 1.** That the public interest and convenience require, and it is the intention of said Board of Trustees to order the following work to be done:

**FIRST:** That Hill Street from the south line of Moore Avenue to the north line of Green Street be graded to the official grade, and that the roadway of said Hill Street between said lines mentioned, except where a bridge is to be constructed thereon as hereinafter described, be macadamized to official line and grade in accordance with Plans Nos. 79 and 79-A, adopted by said Board of Trustees and on file in the office of the City Engineer, and in further accordance with Specifications No. 79, adopted by said Board and on file in the office of the City Clerk.

**SECOND:** That a cement gutter 3 feet in width be constructed along each side of the roadway of said Hill Street from the north line of Green Street to the southerly line of Sycamore Canyon Wash, in accordance with the above mentioned Plans Nos. 79 and 79-A, and the above mentioned Specifications No. 79.

**THIRD:** That a cement curb be constructed along each side of the roadway of Hill Street from the southerly line of Moore Avenue to a line 6 feet south of the north line of Green Street, except across Sycamore Canyon Wash, in accordance with the said Plans Nos. 79 and 79-A and the said Specifications No. 79.

**FOURTH:** That a cement sidewalk 5 feet in width be constructed along each side of Hill Street from the southerly line of Moore Avenue to a line 6 feet south of the north line of Green Street, except across Sycamore Canyon Wash, in accordance with said Plans Nos. 79 and 79-A and the said Specifications No. 79.

**FIFTH:** That a wooden bridge and connecting walks be constructed in said Hill Street across the channel of Sycamore Canyon Wash, in ac-

cordance with said Plans Nos. 79 and 79-A and said Specifications No. 79.

**SIXTH:** That a wooden bulkhead, approximately 45 feet in length, to protect said Hill Street and other streets of the City of Tropic from overflow by water from the Sycamore Canyon Wash, shall be constructed in accordance with said Plans Nos. 79 and 79-A and said Specifications No. 79, in a certain right-of-way owned by the City of Tropic for that purpose, which said right-of-way was conveyed to said City of Tropic by Edna Price and Charles H. Price by a certain deed dated August 5th, 1916, and accepted by the Board of Trustees of said City August 8th, 1916, and is described as follows:

"A strip of land 10 feet in width, being portions of Lots 1 and 3 of Ungerland's Subdivision as per map recorded in Book 8, page 41 of Maps in the Recorder's Office of Los Angeles County, the center line of said strip being described as follows: Beginning at a point in the east line of Lot A of Tract No. 392, as per map recorded in Book 14, page 131, of Maps in the Recorder's Office of said County, which point is south 2 deg. 44' 20" east 60 feet distant from the northeast corner of said Lot A; thence north 72 deg. 15' 40" east 45 feet to a point, said strip of land being bounded on the west by the east line of said Lot A, and bounded on the east by a line at right angles to the above described center line."

**SECTION 2.** That the said contemplated work or improvement in the opinion of said Board of Trustees is of more than local or ordinary public benefit, and the said Board of Trustees makes the expense of said work or improvement chargeable upon the district hereinafter described, and declares that the district in said City of Tropic benefited by said work or improvement is described as follows:

Beginning at the intersection of the center line of Moore Avenue with the northerly prolongation of the west line of that portion of Lot 41 of Watts Subdivision of a portion of the Rancho San Rafael, recorded in Book 5, page 200, Miscellaneous Records of Los Angeles County, as described in deed recorded in Book 308, page 84 of Deeds, records of said County; thence southerly along said prolongation and west line of said portion of Lot 41 to the south line of said lot;

thence easterly and northerly along the southerly line of said lot to the southwest corner of Tract No. 392, recorded in Map Book 14, page 131, records of said County; thence northeasterly along the southeasterly line of said Tract and prolongation thereof to the southwesterly line of Valley Boulevard; thence northwesterly along the southwesterly line of Valley Boulevard and prolongation thereof to the center line of Moore Avenue; thence westerly along the center line of Moore Avenue to the point of beginning. The boundaries of said district are more particularly shown by a map thereof adopted by said Board of Trustees on the 15th day of August, 1916, and on file in the office of said City Engineer, which is hereby referred to for further particulars.

**SECTION 3.** The City Engineer is hereby directed to make a diagram of the property affected or benefited by the proposed work or improvement as described in this resolution of intention and to be assessed to pay the expenses thereof, said diagram to be made as required by law.

**SECTION 4.** The said Board of Trustees determines that serial bonds shall be issued to represent each assessment of \$25.00 or more for the costs of said work or improvement; said serial bonds shall extend over a period of nine years from the second day of January next succeeding the date of said bonds and shall bear interest at the rate of seven per cent per annum and an even annual proportion of the principal sum thereof shall be payable by coupon on the second day of January of each year after their date until the whole is paid and the interest shall be payable semi-annually by coupon on the second days of January and July respectively of each year at the rate of seven per cent per annum on all sums unpaid until the whole of said principal and interest have been paid.

**SECTION 5.** It is hereby determined and notice is hereby given that any and all persons having an objection to the proposed work or improvement above mentioned may appear before the said Board of Trustees on the 5th day of September, 1916, at the hour of 7:30 o'clock P. M. of said day at the regular meeting place of said Board on the second floor of the City Hall of the City of Tropic, at the southwest corner of Tropic

Avenue and Brand Boulevard in said city, and show cause why said proposed improvement should not be carried out in accordance with this resolution.

SECTION 6. All of the proceedings for the aforesaid improvement and for the issuance of said bonds shall be taken under and in accordance with the provisions of an act of the Legislature of the State of California, known and designated as the "Improvement Act of 1911," and acts amendatory thereof.

SECTION 7. The City Clerk shall certify to the passage of this resolution and shall cause the same to be published twice in the Tropico Interurban-Sentinel, a weekly newspaper published and circulated in said City of Tropico.

Passed by the Board of Trustees of the City of Tropico and approved this 15th day of August, 1916.

FRANK E. PETERS,

President of the Board of Trustees.

I hereby certify that the foregoing resolution was introduced and passed by the Board of Trustees of the City of Tropico at their regular meeting held on the 15th day of August, 1916, by the following vote, to-wit:

AYES: Trustees Alspach, Boyce, Henry, Seal and Peters.

NOES: None.

ABSENT: None.

WITNESS my hand and the seal of said City this 15th day of August, 1916.

(Seal) MARGARET R. COLEMAN,  
Clerk of the City of Tropico.  
Pub. Aug. 16-23.
